Career Summary

I am an accomplished professional with 5 years experience in customer service and more than 10 years of programming experience in PHP, C# and various Javascript frameworks.

Employment History

Programmer Analyst

2018–Present

Vancouver Island Health Authority

<https://www.islandhealth.ca>

Worked with Northern Health Authority programmers to port an existing contract management software to .NET Core. Some of my responsibilities and contribution during the project include:

- Implemented software features and CRUD functionality
- Built custom software solutions
- Fixed countless bugs and resolved software issues
- Applied Island Health CSS using Gulp and PostCSS
- Implement code-first migrations
- Provided mentoring to colleagues and shared coding best practices
- Promoted proper tagging of commits to link them with TFS tickets
- Improved team's Git workflow
- Weekly site deployment on Island Health

Senior Web Programmer

2011–2017

Music Teacher's Helper

<https://musicteachershelper.com>

- Integrated Paypal and Stripe on SaaS billing system
- Ported PHP calendar to Javascript
- Applied premium themes to custom studio website templating system
- Updated invoicing system
- Migrated SaaS email notifications to MailChimp and Mandrill

- Updated Manager reporting tools
- Switched development environments to Vagrant
- Migrated company repositories to Bitbucket and improved Development Team's Git workflow

Freelance Web Developer

2006–2015

Freelancer.com - Formerly RentACoder.com

<https://www.freelancer.ca/u/surfingtonio>

- Converted PSD layouts to pixel-perfect HTML/CSS
- Built custom scripting solutions for clients
- Completed photo restoration and graphic editing projects using Photoshop
- Fixed various web-related projects on Freelancer.com

Customer Service Representative

2001–2006

AOL Member Services

<https://www.aol.com>

- Provided prompt and friendly response to member inquiries through chat and email
- Managed a high-volume workload within a deadline-driven environment
- Consistently met company performance benchmarks in all areas (knowledge, courtesy, transaction length)
- Received several commendations such as "Employee of the month" and "Perfect attendance" on multiple occasions
- Completed voluntary customer service trainings to learn ways to enhance customer satisfaction and improve productivity

Technical Skills

- HTML, CSS, PHP, MySQL, Javascript, Typescript
- Laravel, CodeIgniter
- C#, .NET Core
- Nuxt.js, Alpine.js, Svelte.js, Vue.js, React.js, Angular.js, Meteor.js, jQuery, Mootools
- Bootstrap, Scss, PostCss
- Wordpress, Drupal, Smarty
- Vagrant, Virtualbox, PUPHpet
- Git, Bitbucket, Github
- Node.js, Npm, Gulp, Composer, Webpack
- Stripe, Paypal, Authorize.net, Mailchimp, Mandrill, Google API
- Microsoft Office, Photoshop

Education

Bachelor of Science in Computer Science

Angeles University Foundation
